MORE THAN 4% I have a few shares of stock of the United Butchers' Supply Corporation, incorporated under the laws of the Commonwealth of Massachusetts and doing a cash business. I believe this stock will pay dividends of more than 10 per cent. on every dollar you invest in it. The corporation owns and controls valuable patents. The reason it is placing this stock on the market is to increase the factory space and present capacity. The above is practically a monopoly with no competition.

This is not a risk. It is a sure thing. The business has existed four years and each day has brought forth a larger increase in its present capacity. Stock to be delivered upon the receipt of subscriptions.

POETRY.

MOTHER MINE. Pallid cheeks that once were fair,
Raven locks grown whiter now—
Sixty years of wrinkled care
Trace their furrows on thy brow.
Step infirm that once was light.
Laugh once gay, a smile divine,
Eyes now dimmed that once were
bright,
Thus I see thee, Mother mine.

Oh, the memories love can hold,
Lingering fancies of the heart;
Lovely as thou wast of old,
More I love thee as thou art.
Thine has been the checkered ground,
Sun and shade of changeful day,
Blooming roses thou hast found,
Thou hast seen them fade away.

Thine has been the crimson dawn.
Thine the brighter blaze of noon;
Years have come and years have gone.
Mingling winter's snow with June;
Yet, not o'er a wilderness
Falls the light of day's decline—
I shall never love thee less.
Dear, old, white-haired Mother mine.
